

Writing:

In writing this term, we will be linking our learning to science and Geography.

We will be writing persuasive letters, explaining the changes we would like to make to the area.

Then, we will write Chronological reports about conservation.

We will also have a focus on paragraphs, apostrophes and prepositional phrases.

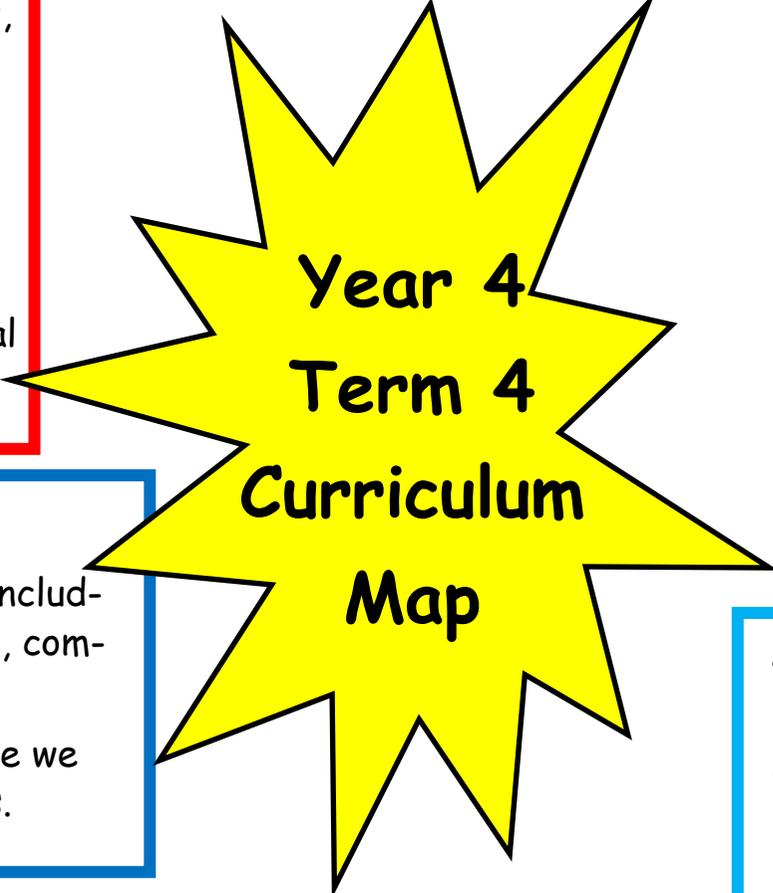

Geography

This term, we will be learning all about our local area, including the river Avon and other key landmarks. At the end of the unit, we will be re-designing Mulberry Park, thinking about what we would like to add to the area and community, for example parks, shops and green space.

DT

In DT this term, we will be learning about links and levers.

We will be able to explain how mechanical systems create movement and will use technical vocabulary accurately.

Year 4 Term 4 Curriculum Map

Maths

This term, we will focus on fractions, including mixed numbers, improper fractions, comparing, adding and subtracting.

We will then move on to decimals where we will learn about tenths and hundredths.

PE

This term in PE, we will focus on gymnastics.

We will be working on movement, including: jumps and leaps, rolls, vaulting, linking movement and performance.

Science:

This term, we will be focussing on conservation (living things and their habitats).

We will cover:

Ecosystems

Human impact of deforestation

Air and water pollution

Understand how humans can have a positive impact on nature.
